Professional Summary

Experienced **Tech Lead** and **Full Stack Developer** with over **10 years** of expertise in designing, developing, and modernizing scalable enterprise applications. Proficient in **Ruby on Rails**, **React**, and modern JavaScript frameworks. Strong leadership in team mentorship, full-stack development, and delivering high-quality business solutions. Committed to clean code, performance optimization, and aligning development with product goals.

Core Skills

Backend: Ruby on Rails
Frontend: React, Angular, JavaScript (ES6+), HTML5, CSS3, Bootstrap
Dev Tools & Practices: Git, Docker, CI/CD, Visual Studio Code, Accessibility (WCAG), Cross-Browser Compatibility
Team & Process: Mentoring, Code Reviews, Collaboration, Feature Ownership

Professional Experience

Tech Lead
MangoApps, Pune
Feb 2023 – Present
- Led the successful delivery of a WCAG-compliant accessibility initiative, collaborating with QA and mentoring junior developers.
- Designed and implemented a PDF export feature from POC to production without backend dependencies.
- Mentored junior team members, promoted full-stack competency, and ensured timely delivery across frontend/backend tasks.

Technologies: Ruby on Rails, React, JavaScript, HTML5, CSS3, Bootstrap

Senior Full Stack Developer
MangoApps, Pune
Jan 2021 – Feb 2023
- Enhanced dashboard widgets with user-configurable display options to improve user experience.
- Built conditional widget visibility logic for segmented user targeting across platforms.

- Upgraded survey systems with drag-and-drop UI, logic builder, Likert/NPS question types, and localization.
- Modernized the frontend by migrating from YUI to ES6+, boosting performance and maintainability.
- Upgraded key components from React 14 to React 17, improving tooling and application stability.

Technologies: Ruby on Rails, React, JavaScript, HTML5, CSS3, Bootstrap

Analyst

Fiserv, Pune

Jun 2018 – Dec 2020

- Developed frontend interfaces for enterprise financial software using Angular.
- Emphasized responsive design, modular components, and cross-browser compatibility.

Technologies: Angular, JavaScript, HTML5, CSS3, Bootstrap

Software Developer

MangoApps, Pune

Jul 2015 – Jun 2018

- Created reusable components and dynamic UI features using React.
- Contributed to UI consistency and frontend performance optimizations.

Technologies: React, JavaScript, HTML5, CSS3

Senior Developer

ClearPoint Learning Systems, Pune

Apr 2014 – Jul 2015

- Built interactive e-learning modules and custom web tools.
- Focused on responsive, accessible, and modular design patterns.

Technologies: JavaScript, HTML5, CSS3

Awards & Achievements

- Super Squad Award - MangoApps (Feb 2024)
- Star Award - MangoApps (Dec 2017)
- Silent Soldier Award - MangoApps (Dec 2016)
